National News—1965

1 *A Wave for Friends*—Cuban refugees waved to Cuban exiles on shore as their coast guard cutter approached Key West last fall. Such emotional scenes occurred frequently after Castro announced his "open door" policy, allowing certain groups of Cubans to leave his dictatorship.

2 *Pioneer in Space*—Astronaut Edward White stepped from his Gemini IV space capsule and into the void of space last June. Maj. James McDivitt, his companion on a 3½-day orbital flight, had to coax White back into the capsule after he had traveled 20 minutes suspended from Gemini IV. Gordon Cooper and Charles Conrad were the next space twins to orbit the earth. They completed their 8-day flight in Gemini V during August.

3 *Medicare Bill Signed*—President Johnson signed the Medicare Bill into law July 30 with former President Truman at his side. Witnessing the event that had far-reaching effects on Social Security benefits for the elderly were (left to right) Lady Bird Johnson, Vice President Humphrey and Bess Truman. The ceremony was held in Truman Library in Independence, Mo.

4 *Temporary Mood*—Dodgers Manager Walter Alston's mood of dejection after the Minnesota Twins won the sixth World Series game did not last long. The Dodgers emerged victorious in the 7th game and captured the pennant.

5 *Double Space Spectacular*—Astronauts Wally Schirra and Tom Stafford got this view of the Gemini 7 spaceship December 15 while traveling in their Gemini 6 craft for their historic rendezvous adventure. Schirra and Stafford rode their red-hot craft back to earth the following day, but Gemini 7 completed a 14-day mission before its re-entry. Making the longest and most significant voyage in space in Gemini 7 were Frank Borman and James Lovell, Jr.

6 *Plea for Peace*—Pope Paul VI stood before the United Nations General Assembly in New York on October 4 to deliver his plea for

world peace. His unprecedented, one-day visit in the U.S. was the culmination of plans by men of all faiths.

7 After Surgery—President Johnson was photographed in a reclining chair at Bethesda Naval Hospital the day after his gall bladder operation on October 8. He conducted the work of his office from his hospital room and his Texas ranch during his recuperation.

8 Proud Student—Charles Craig, 19-year-old freshman at Iowa university, demonstrated his criticism of draft-card burning incidents by displaying his draft card on his jacket with the note: "I'm a draft card carrying American and proud of it." Our role in the Vietnamese war sparked the incidents.

9 Blackout—The glittering metropolis of New York City was thrust into darkness on November 9 by a massive power failure affecting hundreds of miles along the eastern seaboard. City residents and commuters were stranded in offices, railroad and subway stations for hours before service was restored. The crippling condition was caused by a faulty relay at a Canadian generating station near Niagara Falls.

10 New Ambassador—Arthur Goldberg was named U.S. Ambassador to the United Nations by the President after the death of Ambassador Adlai Stevenson on July 14 in London. Goldberg was secretary of labor under President Kennedy and a U.S. Supreme Court Justice when named to the U.N. post.

11 Startling Fashions—Bold and contrasting blocks of color were the youthful fashion note of 1965. The eye-catching designs even extended the length of campus stockings worn with the costumes.

12 Royalty on Tour—Princess Margaret and her husband, Lord Snowdon, arrived in New York on November 4 for a whirlwind tour of the U.S. During their visit, they took time out for fun-filled activities such as a ride on a cable car in Frisco and gala parties in Hollywood and the nation's capital.

ATTICA HIGH SCHOOL ATTICA, INDIANA

FOREWORD

We live in the future, but when our goal is reached and our lives full and happy, the things we cherish most are the memories.

This book is for you who in the future, may wish to look back and remember . . .

the glory in winning the tourney--the sorrow in loosing it

the hard work and class spirit which combined to make school life a pleasant experience

the suspense of waiting for that day to come and the thrill when the prom night finally did arrive

the unconcerned manner with which we watched other classes graduate, then the lump in our throats when that day finally arrived for us . . .

We, the staff, believe that an annual is a great treasure in later life, and that it makes students feel more a part of the school when their names and pictures are printed on the pages of a book. For these reasons therefore, we present this annual to the students of Attica High School and the people of Attica.

Dedication

In dedicating this yearbook to Edward Stuteville, the senior class is striving to show, in a small way, its deep appreciation, and great admiration to a man that none of us will ever forget.

As graduation approaches, we find ourselves looking back over the many memories of our school years, and one of the first persons who come to our minds is Mr. Stuteville. Who could possibly forget walking into history class as a very scared seventh grader and hearing Mr. Stuteville and then being even more scared. But as the year went on, Mr. Stuteville became one of our favorite teachers with his milkshake bets during the Worlds Series; and the fact that when he won, he would sit at his desk and drink it in front of us. And Christmas wouldn't have been Christmas without him walking into class with his bright red vest singing "Santa Claus is Coming to Town."

Even when we left Junior High it was impossible not to have contact with Mr. Stuteville. The way he teased the boys during basketball season, sitting at a convocation and listening to him play the piano, and finally when we won the Wabash Valley and him not being there; these and many, many more are the memories we have of him.

So, now that we have finally reached the rank of seniors, we are proud to dedicate our yearbook to you, Mr. Edward Stuteville.

World News—1965

1 Humanitarian Dies—Dr. Albert Schweitzer died in September at Lambarene, his primitive hospital at the African jungle outpost of Gabon. The famed physician, who reached his 90th birthday in January, worked most of his life to relieve the suffering of jungle natives.

2 Queen Speaks—Queen Elizabeth II dedicated the John F. Kennedy memorial at Runnymede, England on May 14. Mrs. Kennedy is seated to the left and Prince Philip to the right of the queen. Carolyn Kennedy is seated between the queen and her mother, and Sen. Robert Kennedy stands behind Mrs. Kennedy.

3 Miss Universe—The reigning queen of beauty in the universe during the year was a representative from Thailand.

4 Bosch Returns—Former Dominican Republic President Juan Bosch was vehement in his address at a rally September 25, shortly after his return to Santo Domingo.

5 Wins in Run-Off—Charles deGaulle polled 55.2 per cent of the vote in a run-off election against Francois Mitterrand on December 19. The vote gave DeGaulle the French presidency for another 7 years, but the strength of the Socialist-Communist candidate corroded the popularity of the 71-year-old president.

6 Agrees to Cease-Fire—Pakistani Foreign Minister Zulfikar Bhutto (right) agreed in the U.N. Security Council on September 22 to accept the Council's cease-fire order in the undeclared war between Pakistan and India. Pakistan's announcement came after India had agreed to the order.

7 Abortive Coup Fails—Indonesian President Sukarno was toppled from power for a brief 20 hours last fall. He gestured at a cabinet

meeting on October 6 during his first public appearance after the coup, which seriously shook his one-man rule.

8 Soviet Winner—Russian author Mikhail Sholokhov was vacationing in the Ural region on October 18 when he heard he had been awarded the 1965 Nobel Prize for Literature. The December award ceremony was held in Stockholm.

9 Return to Desolation—Hundreds of families returned to the wreckage of their homes, destroyed by eruption of Taal volcano, south of Manila, on September 28. Volcanic ash covered a six-mile-square area. The death toll was estimated at 500.

10 Price of War—The number of casualties increased as the U.S. stepped up its military action in Vietnam. American advisors took part in many helicopter missions, carrying wounded soldiers, both Vietnamese and American, to copters on makeshift litters for evacuation to Saigon.

11 Reason to Celebrate—Chancellor Ludwig Erhard of West Germany waved to a cheering crowd in Bonn after his Christian Democrats surged to victory in the September 19 parliamentary elections. Mayor Willy Brandt's Social Democrats suffered defeat in the voting.

12 Colonial Rule Shaken—Rhodesian Premier Ian Smith broadcast a proclamation of sovereign independence for Rhodesia on November 11. The split from Britain was made in an attempt to insure a white minority rule of the African colony. It was the first such move against Britain since the American colonies broke away in 1776. Britain retaliated swiftly and took the problem to the U.N. Security Council, which asked all nations to enforce an oil embargo against the African colony.
